Section 1
General Information

1.1 Introduction

This Request for Proposals ("RFP") is being issued by the South Bayside Waste Management Authority ("SBWMA"). The SBWMA is soliciting Proposals from entities ("Proposer(s)"") with demonstrated experience and qualifications in providing Construction and Demolition (C&D) Debris Processing Services as set forth in this RFP.

Proposals are due and must be delivered via email to Mr. Grant Ligon, Management Analyst for the SBWMA, no later than 4:00 p.m. PDT on July 23, 2021 for the provision of C&D Debris Processing Services.

Proposers should be aware that the SBWMA’s intent is for C&D Debris Processing Services to begin on or before February 1, 2022. Proposers are cautioned to carefully review the Rate Proposal Form Instructions in Section 5 of this RFP document before completing the Rate Proposal Forms. The SBWMA will consider alternative proposals for new technology to process C&D Debris materials or for the development of a new facility per the requirements of Section 4.5 of this RFP.

1.2 Background

The SBWMA is seeking proposals from qualified firms to provide C&D Debris processing services for the management of C&D Debris materials. The requested services do NOT include the transportation of materials from the Shoreway Environmental Center by the C&D Debris Processing Contractor. Materials will be delivered to the Contractor’s location by the Shoreway Environment Center (SEC) Operator. The Processing Agreement ("Agreement") will be between the SBWMA and the selected Proposer(s) for an almost five (5) year period, with potential for three (3) one year terms to follow. The term of the new Agreement(s) will commence on February 1, 2022, and will end December 31, 2026. The SBWMA may extend the Term of this Agreement(s) for up to five (5) periods of one (1) year each, on the same terms and conditions.

1.3 The South Bayside Waste Management Authority

Formed in 1982, the SBWMA is a joint powers authority of eleven member agencies in San Mateo County (the town of Hillsborough and cities of Belmont, Burlingame, East Palo Alto, Foster City, Menlo Park, Redwood City, San Carlos and San Mateo along with the County of San Mateo and the West Bay Sanitary District) and is a leader in innovative waste reduction and recycling programs. The mission of the SBWMA is to serve as solid waste industry leaders in public health, safety and environmental stewardship by providing our ratepayers with innovative cost-effective zero waste programs and local climate action plan alignment through education, community engagement, infrastructure and policy development. Currently, Recology of San Mateo County (Recology) provides collection services for the ~100,000 residences and nearly 10,000 businesses in the SBWMA service area under individual franchise agreements with each Member Agency. South Bay Recycling (SEC Operator) provides transfer and transportation of collected materials under an Operations Agreement with the SBWMA at the Shoreway Environmental Center located in San Carlos.
1.4 SBWMA's Goals and Objectives

The SBWMA is seeking to secure the best C&D Debris processing and marketing services for the most competitive price. The SBWMA’s goals and objectives are as follows:

- Reduce the volume of waste being disposed through increased recycling and reuse activities at the Shoreway Environmental Center.
- Provide professional and timely service to all SBWMA Member Agencies including their franchised hauler(s), businesses and residents.
- Implement the most innovative and sustainable C&D Debris materials recycling, handling, and processing system.

The SBWMA’s jurisdictions need to comply with requirements of various state goals, policies, and regulations, which currently set a municipal diversion requirement of 50 percent. SBR provides key materials handling services to the SBWMA and will be the main point of contact for transferring and transporting of C&D Debris material delivered to the Shoreway Environment Center by residential collection, commercial collection and self-haul customers.

1.5 General Scope of Requested Services

The SBWMA is requesting proposals from qualified firms for C&D Debris processing services as more fully described in the draft Agreement for Services, Exhibit B.

1.6 Rates

The compensation to the C&D Debris Processor by the SBWMA shall be adjusted annually, effective January 1 of each year of the term, including extensions. The proposed rate per ton shall be adjusted by the annual percentage change, from November 1 of the previous year to October 31 of the following year, in the Consumer Price Index for the San Francisco-Oakland-San Jose Metropolitan Area (All Urban Consumers).

1.7 Proposal Considerations

- Rejecting any or all proposals, waiving irregularities in any proposals, accepting or rejecting all or any part of any proposals, or waiving any requirements of the RFP, as may be deemed to be in the best interest of the SBWMA.
- Accepting and negotiating with a Proposer any combination of services.
- Negotiating with one or more Proposer(s).
- Accepting a proposal that does not offer the lowest cost but offers the best overall value, which the SBWMA determines is in the best interest of the Member Agencies’ of the SBWMA, based on the Proposer’s qualifications, technical proposal, financial strength, willingness to accept contractual terms, as well as its cost proposal.
- Discontinuing its negotiations after commencing negotiations with a selected Proposer, if progress is unsatisfactory in the judgment of the SBWMA.
- Commencing discussions with another qualified Proposer.

### 1.7.2 Obligations of Proposal Submission

- Acceptance of a proposal by the SBWMA obligates the Proposer to enter into good faith Agreement negotiations based on the proposal submitted; and
- The cost of investigating, preparing and submitting a proposal is the sole responsibility of the Proposer and shall not be chargeable in any manner to the SBWMA. The SBWMA will not reimburse any Proposer for any costs associated with the preparation and submission of proposals or expenses incurred in making an oral presentation, participating in an interview, or negotiating an Agreement with the SBWMA.

2.3 Transportation and Current Contracts for Off-Site Processing
Transportation of C&D Debris materials to off-site C&D Debris Processors is a component of the Shoreway Operations Agreement; the SEC Operator delivers the materials to the facilities in walking-floor trailers. Currently the approximately 50,000 tons per year of C&D Debris materials are sent to one C&D Debris Processing facility, which is held by Zanker Road Resource Management, Ltd. (Zanker) at 675 Los Esteros Road, San Jose. The C&D Debris Processing Agreement between the SBWMA and Zanker expires on January 31, 2022 and the Agency is soliciting proposals from C&D Debris Processors interested in providing C&D Debris Processing
services. The SBWMA’s C&D Debris materials are a combination of residential debris (from a cart-based system), commercial debris, and self-haul debris delivered to the transfer station.

2.4 Current Service Rates

The current C&D Debris Processor arrangement with Zanker expires on January 31, 2022. The 2021 rate charged by Zanker for C&D Debris Processing services is $74.33 per ton, currently subject to a regulatory pass-through fee of $100 per load assessed for Treated Wood Waste. The cost of transportation is paid to SBR by the SBWMA and is separate from the tip fee rate.

2.5 Summary of Intent

The SBWMA’s intent and the requirements of this RFP document are to continue to provide the Member Agencies with the appropriate level of service at the best price and with the highest quality of service. The specifications contained within this RFP are designed to establish an effective, efficient, uniform, and safe system of processing of C&D Debris materials that provides for the following intended purposes:

- Establishment and maintenance of a continuous and uniform level of C&D Debris Processing services to ensure flow of materials through the Transfer Station.
- Maximize quality of C&D Debris product to ensure that the C&D Debris Processor can sell product that is desirable by the market and thereby ensure stable market outlets.
- C&D Debris Processing facilities that have demonstrated proficiency in operating a C&D Debris Processing facility, marketing product, and maintaining compliance with regulations.
- C&D Debris Processing facilities that effectively divert the maximum amount of materials from landfill.

To this end, the SBWMA has tried to provide as much information as possible to all prospective Proposers to allow them to properly prepare their responses and compute fair and reasonable compensation and rate quotes. However, it is the sole responsibility of the Proposer to calculate and be responsible for the rates quoted in the applicable set of Rate Proposal Forms provided in Section 5 of this RFP document.

3.10 Familiarity with Laws and Ordinances
The submission of a proposal for the services requested herein shall be considered as a representation that the Proposer is familiar with all federal, state, and local laws, ordinances, rules, and regulations which affect those engaged or employed in the provision of such services, or equipment used in the provision of such services, or which in any way affects the conduct of the provision of such services; and no plea of misunderstanding will be considered because of ignorance thereof. The Proposer’s attention is directed to such relevant ordinances and resolutions of the SBWMA, as may be amended from time to time, under which the Collection Service programs are to be operated. If the Proposer discovers any provisions in the RFP

The SBWMA shall not be obligated to any Proposer to enter into a Processing Service Agreement. No action will lie against the SBWMA to compel the SBWMA to execute any such Agreement(s), or to recover from the SBWMA any damages, costs, lost profits, expenses, etc., that any Proposer may incur if the SBWMA chooses not to approve an Agreement after considering proposals received in response to the RFP. By submitting a proposal for the services, all Proposers acknowledge and agree that no enforceable contractual relationship arises until the SBWMA Board approves and directs execution of the appropriate Agreement, that no action shall require the SBWMA to execute an Agreement at any time, and that each Proposer waives all claims to damages, lost profits, costs, expenses, etc., as a result of the SBWMA not fully executing an Agreement.

3.12 Facilities
The SBWMA reserves the right to inspect each Proposer's facilities at any reasonable time, during normal working hours, with prior notice to determine that the Proposer has a bona fide place of business, and working, permitted C&D Debris Processing facility.

3.13 Insurance
The SBWMA has set forth the insurance requirements contained in Section VI of the Agreement. Proposers are strongly encouraged to review and obtain an understanding of these requirements before submitting a proposal.

3.14 Agreement Modifications
The SBWMA reserves the right to make modifications to the Agreements to more fully effectuate the intent of this RFP and the Collection and Disposal Service programs.

3.15 Withdrawal or Revision of Proposal Prior to Opening
At any time prior to the closing time for receiving proposals, a Proposer may, without prejudice, withdraw, modify, or correct a proposal after it has been deposited with the SBWMA Representative provided a request is made in writing to the SBWMA Representative, whose name, address, and contact information is provided herein. Modification or corrections of proposals may be made by means of facsimile or other written communications, provided the SBWMA Representative receives such modifications or corrections prior to the closing time set for receiving proposals.

Proposals which are not submitted on the forms furnished by the SBWMA and are not in conformity with the provisions of Section 4 of this RFP document may be deemed non-responsive. No corrections in proposals will be acceptable unless each correction is signed or initialed by the Proposer. If initialed, the SBWMA may require the Proposer to identify any corrections so initialed. A proposal in which omissions occur or which has been conditioned by the Proposer in a manner that is unacceptable to the SBWMA may be rejected. Omissions and corrections may be made until the closing time set for receiving proposals.
3.16 Acceptance or Rejection of Proposals

The SBWMA reserves the following rights and options:

- To deem non-responsive all proposals that fail to meet the literal and exact requirements of the specifications provided in this RFP document;
- To accept the proposal that is, in the judgment of the SBWMA Board, in the best interest of the SBWMA and its residents;
- To reject all non-responsive proposals;
- To waive irregularities in any proposal as the SBWMA Board may elect to waive; and
- To reject all proposals and to issue subsequent requests for new proposals.

Any or all proposals will be rejected if there is reason to believe that collusion existed among the Proposers. Proposals received from participants in such collusion will not be considered for the same work when and if re-advertised.

3.17 Award of Agreement(s) by SBWMA Board

The award of Agreement(s), if made, will be the Agreement(s) which best fulfills the requirements and provides the best value to the SBWMA. No award will be made until all necessary investigations have been made to determine the responsiveness and responsibility of the Proposer under consideration. After opening the proposals, the SBWMA may require the selected Proposer(s) to submit a verified statement disclosing all ownership interests, whether direct, indirect, or beneficial, and including intermediate and ultimate ownership interests where several levels of ownership exist, disclosing any single source in excess of thirty percent (30%) of outstanding debt, and disclosing any person or entity that has guaranteed in excess of thirty percent (30%) of the Proposer(s) outstanding debt furthermore, such disclosure shall contain any information of or relating to any and all common ownership, control, management, or common pecuniary benefit said proposing entity, its owners, management, or representatives possess or retain in any other entity now participating, or proposing to participate, in the Collection Service Agreement and/or the Facility Operations Agreement with the SBWMA. The SBWMA Board shall be the sole judge as to the responsiveness and the suitability of the Proposer(s) to satisfactorily perform the work specified within the Agreement(s).

As soon as practicable after opening the proposals, the Proposer(s) recommended for award of the Agreement(s) will be submitted to the SBWMA Board for approval.

In the event the SBWMA Board approval is not received within one hundred and eighty (180) calendar days after opening of the proposals, the Proposer may request that it be released from the Agreement obligation.

The foregoing action by the SBWMA or the Proposer shall in no way provide any cause whatsoever for claim against the SBWMA by the Proposer.

3.18 Addendum

The Proposer shall sign each Addendum issued and attach it to the proposal in order to have the proposal considered.
3.19 Examination of the Site of the Work

By the submission of a proposal to do the work, the Proposer certifies that a careful examination of all RFP documents has taken place, and that the Proposer is fully informed concerning the requirements of the RFP document, the physical conditions to be encountered in the work, the quality and quantity of service to be performed, and of the materials and equipment to be furnished. The Proposer will not be entitled to additional compensation upon subsequently finding that conditions require methods or equipment other than that anticipated in making the proposal. Negligence or inattention of the Proposer in determining conditions of the Agreement(s) prior to submitting the proposal, or in any phase of the performance of the work, shall be grounds for refusal by the SBWMA to agree to proposed additional compensation for additional work caused by such negligence or inattention by the Proposer.

3.20 Performance Bond

A performance bond in a form acceptable to the SBWMA is required from the successful Processing Service Proposer within thirty (30) calendar days from the date the SBWMA Board approves the C&D Debris Processing Service Agreement in an amount equal to Two-hundred and Fifty Thousand Dollars ($250,000). The performance bond shall be executed by a surety company licensed to do business in the State of California and acceptable to the SBWMA having an “A-” or better rating by A. M. Best or Standard and Poor’s, and included on the list of surety companies approved by the Treasurer of the United States. Failure to provide this performance bond within the timeframe called for by this section shall constitute a default and grounds for immediate termination of an Agreement.

3.21 Proprietary Information

Under the California Public Records Act, most SBWMA records are made public. Trade Secrets and certain financial information, which are not public, are exceptions to this general rule. Proposers must clearly identify as “Confidential” or as a “Trade Secret” any information in their proposals that they believe shall be exempt from disclosure under the Public Records Act. If a Proposer marks any information in their proposal as “Confidential” or “Trade Secret,” the SBWMA agrees to maintain the confidentiality of such information and data to the extent permitted by law. SBWMA agrees to notify Proposer of any request from any third party to review and/or inspect information and data. In the event a third-party files legal action against the SBWMA seeking release of such records and data, SBWMA shall tender the defense of such action to Proposer and Proposer shall defend, indemnify and hold the SBWMA harmless from any and all expenses associated with the defense of such action, including, without limitation, the SBWMA’s attorney’s fees and costs and any attorney’s fees awards or other awards or judgments against the SBWMA. If Proposer fails to follow these requirements in any way, SBWMA may release the requested information or data at its sole discretion.

To the extent permitted by applicable law, all pricing data will remain confidential until after an initial evaluation of the proposals is made.

3.22 Subcontractors/Operators

Proposers intending to enter into contracts with subcontractors/operators in order to provide the services requested in this RFP must include in their proposal responses a list of those potential subcontractor/operators for approval by the SBWMA.

3. That SBWMA has elected to engage the services of Contractor upon the terms and conditions as hereinafter set forth.

II. DEFINITIONS

In this Agreement, capitalized words have the meanings defined in Exhibit A.

III. TERMS AND CONDITIONS OF AGREEMENT

1. Term of Agreement

2. Authorization and Termination
   This Agreement becomes effective when endorsed by both Parties.

3. Exclusive Services
   Except as provided below, during the term of this Agreement, the SBWMA shall direct the SEC Operator to transport all loads of C&D Debris generated from the SEC exclusively to Contractor’s facilities at (insert address) for processing, recycling, finished product marketing, and disposal of residuals.

IV. SCOPE OF SERVICES

1. Scope of Processing Services
   The services to be performed by Contractor under this Agreement shall include those services set forth in Exhibit B, which is, by this reference, incorporated herein and made a part hereof as though it were fully set forth herein.

   Performance of the work specified in Exhibit B is hereby made an obligation of Contractor under this Agreement, subject to any changes that may be made subsequently hereto upon the mutual written agreement of the parties.
Where in conflict, the terms of this Agreement supersede and prevail over any terms set forth in Exhibit B.

2. Permits and Compliance
Contractor will comply with all Permits, including any mitigation measures related to the operation and maintenance of their C&D Debris Processing Facility. Contractor is solely responsible for paying any fines or penalties imposed for noncompliance with or violation of Permits or failure to obtain Permits. Under no circumstances shall any provision of this Agreement oblige Contractor to violate any of its Permits.

Contractor shall have a permitted C&D Debris Processing Facility that is permitted as a Large Volume Transfer/Processing (C&D Waste) Facility with the Department of Resources Recycling, and Recovery (CalRecycle) and maintain this designation throughout the term of the contract. The C&D Waste Facility Permit must include the ability to accept the types of C&D Debris materials generated by the SBWMA. Contractor must notify SBWMA before accepting any shipments if there are any changes in such status.

Contractor shall maintain all required permits from the applicable agencies to operate a C&D Debris Processing facility. Permits shall include but not be limited to CalRecycle, Regional Water Quality Control Board, Air Quality Management District, and others as appropriate.

3. Compliance with all Applicable Laws and Regulations
Contractor shall comply with all Federal, State, and/or local regulations in the performance of this Agreement.

Contractor shall provide copies of any notices of violation that it receives (or that any Subcontractor receives and that are provided to Contractor) from any Regulatory Agency during the term of this Agreement related to the operation of the C&D Debris Processing Facility or the performance of the Services. Contractor shall provide to the SBWMA copies within three (3) business days of receiving them.

5. Days and Hours of Operation
Contractor will operate the C&D Debris Processing Facility for the receipt of SBWMA’s C&D Debris Materials between the hours of (insert times, e.g. 6:00 a.m. to 5:45 p.m., Monday through Friday, and from 8:00 a.m. to 3:45 p.m. on Saturday and Sunday). C&D Debris Processing Facility will be closed on the Holidays of Thanksgiving Day, Christmas Day, New Year’s Day and Easter Sunday (and insert other days if needed). In the event the Contractor applies to its regulating agencies for, and is granted, additional permitted receiving hours, Contractor shall make those additional hours available to the SBWMA for delivery of C&D Debris. Contractor may not reduce the hours or total number of hours for acceptance of SBWMA’s C&D Debris Materials without the concurrence of the SBWMA except for reductions required by a change in a Permit subsequent to the Commencement Date.

6. Traffic Control and Direction
Contractor will direct on-site traffic to appropriate unloading areas and provide a safe working environment. Contractor will provide necessary signs and personnel to assist drivers to proper unloading areas. Contractor will operate the C&D Debris Processing Facility so that the conditions of the Maximum Vehicle Turnaround are met and the SBWMA’s Transfer Company vehicles are processed, unloaded and exit without delay from the facility no longer than 30 minutes from arrival at the Contractor’s scales. Contractor will not exceed this time more than 5 times per month. For each load exceeding the 30 minutes from arrival at the scale to exiting the scale over the five grace loads, the Contractor may be assessed liquidated damages equal to $2.00 per minute for each minute of delay. The calculation of the times will be based on time stamp tickets at the scale house.
7. **Scale Operation**
   a. **Maintenance and Operation**
      Contractor will maintain State-certified scales that link to a centralized computer recording and billing system and that account for tracking of the origin, destination and tonnage of all incoming and outgoing loads. Contractor will operate scales during C&D Debris Processing Facility receiving hours established in Section 5. Contractor will provide the SBWMA with access to weighing report promptly upon SBWMA’s request.

   b. **Vehicle Tare Weights**
      When Transfer Company place new vehicles into service, Contractor will promptly weigh the new vehicle and determine its unloaded (“tare”) weight(s). Contractor will record tare weight, hauler name, and vehicle identification number. Within 10 Working Days of weighing, Contractor will provide the SBWMA and Transfer Company with a report listing vehicle tare weight information. Contractor will have the right to request re-determination of tare weights of vehicles twice each Calendar Year. If there is reasonable suspicion or evidence that tare weights are not accurate, Transfer Company may request re-determination of tare weights, in which case Contractor will promptly re-determine tare weights for requested vehicles up to 4 times per Calendar Year. Contractor may update tare weights (at its own initiative) more frequently.

8. **Testing**
   Contractor will test and calibrate all scales in accordance with Applicable Law, but at least every 12 months. Upon SBWMA request, Contractor will promptly provide the SBWMA with copies of test results. Contractor will further test and calibrate any or all scales within 3 Working Days of SBWMA direction. If test results indicate that the scale or scales complied with Applicable Law, the SBWMA will reimburse Contractor the Direct Costs of the tests. If the test results indicate that the scale or scales did not comply with Applicable Law, Contractor will bear the costs thereof and Contractor will at its own cost adjust and correct, consistent with the results of that test, all weight measurements recorded and C&D Debris Materials Rates calculated, charged and paid, as the case may be, from the date of SBWMA’s direction.

9. **Weighing Standards and Procedures**
   Contractor will use the C&D Debris Processing Facility entry scale house(s) to weigh vehicles and charge C&D Debris Materials Rates. Contractor will charge Transfer Company the C&D Debris Materials Rates based on the Tonnage of SBWMA’s Transfer Company deliveries to the C&D Debris Processing Facility. Contractor will weigh and record inbound weights of all Transfer Company’s vehicles when the vehicles arrive at the C&D Debris Processing Facility and weigh and record outbound weights of vehicles for which Contractor does not maintain tare weight information. Contractor will provide each driver a receipt showing the date, time, and quantity of SBWMA’s C&D Debris Materials that the vehicle delivered to the C&D Debris Processing Facility.

10. **Records and Reporting**
    Contractor will maintain scale records and reports that provide information including date of receipt; inbound time; origin, destination and weight of inbound and outbound loads; inbound and outbound weights of vehicles; and vehicle identification number. Contractor shall keep and maintain accurate records of products delivered or of all time expended in performing services and costs and expenses incurred relating thereto. Said records shall be available to the SBWMA for review and copying during regular business hours at Contractor’s place of business or as otherwise agreed upon by the parties.

    Contractor will provide the SBWMA a detailed monthly report as described and exemplified in **Exhibit D**, Monthly Reporting to the SBWMA.
11. Safety
The Contractor will conduct operations of C&D Debris Processing Facility in a safe manner, in accordance with Applicable Law and insurance requirements provided in Article VI, Indemnity and Insurance.

12. Invoicing
On or before the 10th of each month, Contractor will invoice the SBWMA in amounts equal to the applicable C&D Debris Materials Rates listed in Exhibit C for the prior month’s C&D Debris Materials delivered to the C&D Debris Processing Facility. Invoices will be in a form satisfactory to SBWMA. All undisputed amounts shall be payable by SBWMA within 30 days of receipt of the invoice. For example, for processing provided in July, Contractor will invoice SBWMA on or before August 15 and payment will be due and payable by SBWMA on or before September 15. SBWMA shall, within fifteen days of receipt of invoice, identify any disputed charges and communicate these to Contractor. Contractor may deliver to SBWMA a notice of late payment for a given monthly invoice thirty-five calendar days after the date of generation of the invoice. Contractor’s invoices shall be deemed delinquent if not paid within five (5) calendar days of the date of the notice of late payment. Thereafter, the delinquent invoice shall bear interest on the unpaid balance at a rate not to exceed one and one-third percent (1 1/3%) per month.

13. Right to Enter Facility and Observe Operations
The SBWMA and its designated representative(s) may enter, observe and inspect the C&D Debris Processing Facility at any time during operations, conduct studies or surveys of the C&D Debris Processing Facility, and meet with the manager(s) or his or her representatives at any time, provided that the SBWMA and its representatives comply with Contractor’s reasonable safety and security rules and will not interfere with the work of the Contractor or its subcontractors. However, if the C&D Debris Processing Facility manager or other management personnel are not present at the C&D Debris Processing Facility when the SBWMA or its designated representative(s) visit without prior announcement, Contractor may limit the visit of the SBWMA or its designated representative to the public areas of the facility. In that event, Contractor will arrange for SBWMA or its designated representative(s) to return for a visit of the complete C&D Debris Processing Facility within 24 hours of the SBWMA’s visit. Upon SBWMA direction, Contractor will make personnel available to accompany SBWMA employees on inspections. Contractor will ensure that its employees cooperate with the SBWMA and respond to the SBWMA’s reasonable inquiries.

V. CONTRACTOR COMPENSATION

1. General
The Contractor will perform all of its obligations, responsibilities and duties under this Agreement, including paying costs associated with obtaining and complying with all Permits, and operating the C&D Debris Processing Facility in full compliance with Applicable Laws.

2. Processing Rate; Annual Rate Adjustments
The Contractor will be compensated on a per ton basis for Materials delivered by the Transfer Company and accepted by Contractor for Processing. Exhibit C (Rates) provides the initial Rates by Material Type. The Contractor shall be entitled to an annual rate adjustment as shown in Exhibit C. Such rates shall be increased annually as set forth in Exhibit C.
3. **Special Rate Review and Adjustments**

It is understood that the Contractor accepts the risk for changes in cost of providing services and/or quantities and composition of materials delivered to the C&D Debris Processing Facility and approved Disposal facility, and therefore any special review and adjustment to Rates shall be limited to circumstances arising from a Change in Law. A special review may not be initiated based on increases or decreases: 1) in revenues from the sale of C&D Debris, or 2) in tonnage or composition of C&D Debris.

a. Contractor may request a special review and adjustment of Rates, over and above the annual CPI-based adjustment set forth in Exhibit C, in the event that there is a Change in Law.

b. Contractor’s request for a special review and adjustment of Rates shall specify the event or circumstance giving rise to the request, Contractor’s reasonable additional costs arising from or related to such event or circumstance, and the change in the Rates that Contractor proposes to cover such additional costs.

c. Contractor must submit its request for a special review and adjustment of Rates in a form and manner specified by SBWMA, together with required cost and operational data.

d. In a special review under this Section, Contractor shall bear the burden of justifying to the SBWMA by substantial evidence the Change in Law. If the SBWMA determines that the Contractor has not met its burden, it shall notify Contractor that it is prepared to deny Contractor’s request for an increase in Rates. Within ten (10) days after such notice, Contractor may request a hearing before the SBWMA Board to produce additional evidence.

e. Based on evidence presented to it, including, that submitted by Contractor, the SBWMA Board may grant some, all, or none of the requested increase.

f. Contractor shall bear all reasonable costs incurred by SBWMA (including assistance provided to it by SBWMA) of a special review which it has requested. Costs of a review requested by Contractor may not be included in Contractor’s Rates.

VI. **INDEMNITY AND INSURANCE**

1. **Agreement Indemnification**

a) **Indemnification of the SBWMA**

To the fullest extent allowed by law, Contractor hereby agrees to defend, indemnify, and save harmless the SBWMA, its boards, officers, employees and agents, from and against any and all claims, suits, actions, liability, loss, damage, expense, cost (including, without limitation, costs and fees of litigation) of every nature, kind or description, which may be brought against, or suffered or sustained by, the SBWMA, its boards, officers, employees, and agents caused by, or alleged to have been caused by, the negligence, intentional tortuous act or omission, or willful misconduct of the Contractor, its officers, employees, subcontractors or agents in the performance of any services or work pursuant to this Agreement.

b) **Duty to Defend**

The duty of Contractor to indemnify and save harmless, as set forth herein, shall include the duty to defend as set forth in Section 2778 of the California Civil Code, provided, however, that nothing herein contained shall be construed to require Contractor to indemnify SBWMA, its Board, officers, employees and agents against any responsibility or liability in contravention of Section 2782 of the California Civil Code.

Contractor’s responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law.
The defense and indemnification obligations of this agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained within this Agreement.

2. Contractor Compliance

Contractor will comply with all requirements of Contractor’s insurers and the insurance policies required under Article VI, Section 3 below. Carrying insurance will not relieve Contractor from any obligations under this Agreement. Nothing in this Agreement may be construed as limiting in any way the extent to which the Contractor may be held responsible for payments of damages to Persons or property resulting from Contractor’s or any Subcontractors’ performance of Services.

3. Insurance

Contractor shall not commence work under this Agreement until all insurance required under this Paragraph has been obtained. Contractor shall furnish SBWMA with certificates of insurance evidencing the required coverage. The SBWMA and its employees, directors, officers, agents, and member entities will be named as additional insured in the policy. These certificates shall specify or be endorsed to provide that thirty (30) days notice must be given, in writing, to the SBWMA office of any pending change in the limits of liability or of any cancellation or modification of the policy. The minimum amounts of coverage shall be as follows:

<table>
<thead>
<tr>
<th>Insurance Category</th>
<th>Minimum Limits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Workers’ Compensation</td>
<td>As Required by the Labor Codes of the State of California</td>
</tr>
<tr>

</tr>
<tr>
<td>Automobile Liability</td>
<td>$2,000,000 per accident for bodily injury and property damage (coverage required to the extent applicable to Contractor’s vehicle usage in performing services hereunder)</td>

It shall be a requirement under this Agreement that any available insurance proceeds broader than or in excess of the specified minimum insurance coverage requirements and/or limits shall be available to SBWMA as an Additional Insured. Furthermore, the requirements for coverage and limits shall be the greater of either (1) the minimum coverage and limits specified in this Agreement or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the named Insured.

Contractor agrees to include with all subcontractors in their subcontracts the same requirements and provisions of this agreement including the indemnity and insurance requirements to the extent they apply to the scope of the subcontractor’s work. Subcontractors hired by Contractor shall agree to be bound to Contractor and SBWMA in the same manner and to the same extent as Contractor is bound to SBWMA under this Agreement and its accompanying documents. Subcontractors shall further agree to include these same provisions with any sub-subcontractors. A copy of the indemnity and insurance provisions of this Agreement will be furnished to the Subcontractor upon request. Contractor shall require all subcontractors to provide a valid certificate of insurance and
the required endorsements included in the subcontract agreement and will provide proof of compliance to SBWMA prior to commencement of any work by the subcontractor.

Concurrently with the execution of this Agreement, Contractor shall furnish SBWMA with certificates and copies of information or declaration pages of the insurance required hereunder and, with respect to evidence of commercial general liability and automobile liability insurance coverage, original endorsements:

(a) Precluding cancellation or reduction in per occurrence limits before the expiration of thirty (30) days (10 days for nonpayment) after SBWMA shall have received written notification of cancellation in coverage or reduction in per occurrence limits by first class mail;

(b) Naming the SBWMA, its Board, officers, employees and agents, as additional insureds; and

(c) Providing that Contractor’s insurance coverage shall be primary insurance with respect to SBWMA, its Board, officers, employees and agents, and any insurance or self-insurance maintained by SBWMA for itself, its Board, officers, employees or agents shall be in excess of Contractor’s insurance and not contributory with it. Contractor and its insurer may not seek contribution from SBWMA’s insurance or self-insurance.

The limits of insurance required in this agreement may be satisfied by a combination of primary and umbrella or excess insurance. Any umbrella or excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and non-contributory basis for the benefit of SBWMA, to the extent required by this Agreement, before the SBWMA’s insurance or self-insurance may be called upon to protect SBWMA as a named Insured.

All self-insured retentions (SIR) must be disclosed to SBWMA for approval and shall not reduce the limits of liability coverage. Policies containing an SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named Contractor/Named Insured or SBWMA.

SBWMA reserves the right to obtain a full certified copy of any insurance policy and endorsements. Failure to exercise this right shall not constitute a waiver of right to exercise later.

Contractor shall maintain insurance as required by this Agreement to the fullest amount allowed by law and shall maintain insurance for a minimum of five (5) years following completion of this project or service. In the event Contractor fails to obtain or maintain completed operations coverage as required by this Agreement, the SBWMA at its sole discretion may purchase the coverage required and the cost will be paid by Contractor.

4. Workers’ Compensation
Contractor certifies that he is aware of the provisions of the Labor Code of the State of California which require every employer to be insured against liability for workers’ compensation or to undertake self-insurance in accordance with the provisions of that Code, and Contractor certifies that he will comply with such provisions before commencing the performance of the work of this agreement.

VII. FAITHFUL PERFORMANCE BOND

1. Faithful Performance Bond
Contractor shall file with SBWMA a bond securing its faithful performance of its obligations under this Agreement within thirty (30) days of the date this Agreement is executed. The bond shall be in the amount of Five Hundred Thousand Dollars ($500,000) in a form acceptable to the SBWMA. The term of the bond shall be for five (5) years. It is the intention of this section that there be in full force and effect at all times a bond securing the Contractor’s faithful performance of the Agreement,
throughout its Term. The performance bond shall be executed by a surety company licensed to do business in the State of California and acceptable to the SBWMA having an “A-“ or better rating by A. M. Best or Standard and Poor’s, and included on the list of surety companies approved by the Treasurer of the United States. Failure to provide this bond within the timeframe called for by this section shall constitute a default and grounds for immediate termination of this Agreement.

VIII. DEFAULT AND TERMINATION

1. Default and Remedies
   Each of the following shall constitute a Contractor default under this Agreement (a “Default”):
   A. Fraud or deceit.
   B. Failure to maintain insurance coverage described herein.
   C. Contractor violation of orders or filings of a regulatory body having a material impact on Contractor’s ability to perform its obligations as required by this Agreement.
   D. Loss of any required operating “C&D Debris Processing facility” permit (air, water, waste, etc.)
   E. Failure to perform Services as required by this Agreement for two (2) consecutive days or more or for any seven (7) days in a period of 30 days.
   F. Failure to divert and Process C&D Debris Materials as provided in Article IV, Section 1 of this Agreement.
   G. Failure of Contractor to provide reports and/or records as provided for in this Agreement.
   H. Any act or omission by Contractor which violates the terms of this Agreement.
   I. Any false or misleading representation of Contractor.
   J. Filing of a voluntary petition for debt relief.
   K. Bankruptcy of Contractor.
   L. Contractor’s failure to provide a performance bond within thirty (30) days of execution of this Agreement.

Upon any Contractor default, SBWMA may terminate or suspend this Agreement, in whole or in part. Such termination or suspension shall be effective thirty (30) days after SBWMA gives notice as provided in Section X, General Provisions, (3) Notice Procedures, except that the Agreement may be terminated or suspended in a shorter time period or immediately if the Contractor’s default endangers the health, welfare and safety of the public. If Contractor fails to cure the Default within the timeframe shown in the Notice to terminate or suspend, the SBWMA may, at its option, terminate this Agreement.

2. Specific Performance
   By virtue of the nature of this Agreement, the urgency of timely, continuous and high-quality service, the lead time required to effect alternative service, and the rights granted by SBWMA to Contractor, the remedy of damages for a breach hereof by Contractor is inadequate and SBWMA shall be entitled to injunctive relief.

3. Damages
   Contractor shall be liable to SBWMA for all direct, indirect, special and consequential damages arising out of Contractor’s default. This Section is intended to be declarative of existing California law.

4. SBWMA’s Remedies Cumulative
   SBWMA’s rights to suspend or terminate the Agreement and to obtain specific performance are not exclusive, and SBWMA’s exercise of one such right shall not constitute an election of remedies. Instead, they shall be in addition to any and all other legal and equitable rights and remedies that SBWMA may have, including a legal action for damages or imposition of liquidated damages.

5. Liquidated Damages
   The Parties acknowledge that performance by Contractor is of utmost importance and SBWMA has considered and relied on Contractor’s representations as to its quality of service commitment in
entering into this Agreement. The Parties further recognize that quantified standards of performance are necessary and appropriate to ensure consistent and reliable service. The Parties further recognize that if Contractor fails to perform, SBWMA and its residents will suffer damages and that it is and will be impracticable and extremely difficult to ascertain and determine the exact amount of damages that SBWMA will suffer. Therefore, the Parties agree that liquidated damages in the amount of $5,000 per day represent a reasonable estimate of the amount of such damages considering all of the circumstances existing on the date of this Agreement, including the relationship of the sums to the range of harm to SBWMA that reasonably could be anticipated and recognition that proof of actual damages would be costly or inconvenient. By initialing the places provided, each Party specifically confirms the accuracy of the statements made above and the fact that each Party had ample opportunity to consult with legal counsel and obtain an explanation of this liquidated damage provision at the time that this Agreement was made.

Contractor Initial Here: ______ Agency Initial Here: ______

Contractor agrees to pay (as liquidated damages and not as a penalty) the amount set forth.

SBWMA’s right to recover liquidated damages for Contractor’s failure to meet the service performance standards shall not preclude Agency from obtaining equitable relief for persistent failures to meet such standards nor from terminating the Agreement for such persistent failures.

IX. CONTRACTOR’S REPRESENTATIONS AND WARRANTIES

1. Legal Status
   Contractor is a corporation or LLC organized and operating under the laws of the State of California.

2. Authorization
   Contractor represents and warrants that it has the authority to enter into and perform its obligations under this Agreement. The Contractor has taken all actions required by law to authorize the execution of this Agreement. The person signing this Agreement on behalf of Contractor has authority to do so.

3. Agreement Will Not Cause Breach
   To the best of Contractor's and SBWMA's knowledge, after reasonable investigation, neither the execution or delivery of this Agreement, nor the performance of this Agreement: (i) conflicts with, violates, or results in a breach of any applicable law; or (ii) conflicts with, violates, or results in a breach of any term or condition of any judgment, order or decree of any court, administrative agency, or other governmental authority, or any agreement or instrument to which Contractor or SBWMA is a party or by which Contractor or SBWMA or any of its properties or assets are bound, or constitutes a default thereunder.

4. No Litigation
   To the best of Contractor's knowledge, after reasonable investigation, there is no action, suit, proceeding, or investigation, at law or in equity, before or by any court or governmental authority, commission, board, agency, or instrumentality decided, pending, or threatened against Contractor wherein an unfavorable decision, ruling or finding, in any single case or in the aggregate, would materially adversely affect the performance by Contractor of its obligations hereunder or which, in any way, would adversely affect the validity or enforceability of this Agreement or which would have a material adverse effect on the financial condition of Contractor or any surety guaranteeing Contractor's performance under this Agreement, which has not been waived by the SBWMA in writing.
5. **Ability to Perform**  
Contractor possesses the business, professional and technical expertise to manage, handle, treat, store, process, and recycle C&D Debris Materials, and possesses the equipment, plant, and employee resources required to perform this Agreement.

X. **GENERAL PROVISIONS**

1. **Entire Agreement**  
This Agreement represents the full and entire Agreement between the SBWMA and Contractor with respect to the matters covered herein.

2. **Force Majeure**  
   A. **Excuse from Performance.** Neither party shall be in default of its obligations under this Agreement in the event, and for so long as, it is impossible or extremely impracticable for it to perform its obligations due to an “act of God” (including, but not limited to, flood, earthquake or other catastrophic events), civil disturbance, labor unrest of other than the party’s employees (including strike, work stoppage, slowdown, sick out, picketing, or other concerted job action), or other similar cause, not the fault of, and beyond the reasonable control of, the party claiming excuse. A party claiming excuse under this Section must: (1) have taken reasonable precautions, if possible, to avoid being affected by the cause, and (2) notify the other party as required by subsection C of this Section.
   
   B. **Obligation to Restore Ability to Perform.** Any suspension of performance by a party pursuant to this Section shall be only to the extent, and for a period of no longer duration than, required by the nature of the event, and the party claiming excuse from obligation shall use its best efforts in an expeditious manner to remedy its inability to perform and mitigate damages that may occur as result of the event.
   
   C. **Notice.** The party claiming excuse shall deliver to the other party a written notice of intent to claim excuse from performance under this Agreement by reason of an event of Force Majeure. Notice required by this Section shall be given promptly in light of the circumstances, but in any event not later than five (5) days after the occurrence of the event of Force Majeure. Such notice shall describe in detail the event of Force Majeure claimed, the Services impacted by the claimed event of Force Majeure, the expected length of time that the party expects to be prevented from performing, the steps which the party intends to take to restore its ability to perform, and such other information as the other party reasonably requests.
   
   D. **SBWMA’s Rights in the Event of Force Majeure.** The partial or complete interruption or discontinuance of Contractor’s Services caused by an event of Force Majeure shall not constitute an event of default under this Agreement. Notwithstanding the foregoing, in the event of non-performance excused by Force Majeure: (i) if Contractor’s excuse from performance by reason of Force Majeure continues for a period of thirty (30) days or more, the SBWMA shall have the right to terminate this Agreement, provided, however, if Contractor is unable to accept and process the Debris Materials consistent with the requirements of this agreement for ten (10) days or more from the date by which Contractor gave or should have given notice under Subsection C, the SBWMA may terminate this Agreement.

3. **Notice Procedures**  
All notices, demands, requests, proposals, approvals, consents, and other communications which this Agreement requires, authorizes, or contemplates shall be in writing and shall either be personally delivered to a representative of the Parties at the address below, e-mailed to the e-mail address below, or faxed to the fax number below, or sent via certified mail or Federal Express, or deposited in the United States mail, first class postage prepaid, addressed as follows:

**SBWMA:** South Bayside Waste Management Authority  
Joe La Mariana, Executive Director  
610 Elm Street, Suite 202
The address to which communications may be delivered may be changed from time to time by a notice given in accordance with this Section.

Notice shall be deemed given on the day it is personally delivered, e-mailed, or faxed, or, if mailed, three calendar days from the date it is deposited in the mail.

4. **Independent Contractor**
   Contractor is an independent contractor and not an officer, agent, servant or employee of the SBWMA. Contractor is solely responsible for the acts and omissions of its officers, agents, employees and subcontractors, if any. Nothing in this Agreement shall be construed as creating a partnership or joint venture between the SBWMA and Contractor. Neither Contractor nor its officers, employees, agents or subcontractors shall obtain any rights to retirement or other benefits which accrue to SBWMA employees.

5. **Non-Discrimination**
   Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex or national origin. Contractor will take affirmative action to insure that applicants are employed and the employees are treated during employment without regard to their race, color, religion, sex or national origin. Such action shall include, but not be limited to the following: employment, advancement, demotion, transfer, recruitment, or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. Contractor shall at all times be in compliance with the requirements of the Federal Americans With Disabilities Act (Public Law 101-336) which prohibits discrimination on the basis of disability by public entities. Contractor agrees to post in conspicuous places available to employees and applicants for employment any notices provided by SBWMA setting forth the provisions of this non-discrimination clause.

6. **Severability**
   If any section, subsection, subdivision, paragraph, sentence, clause, or phrase of this Agreement or any part thereof is, for any reason, held to be illegal, such decision shall not affect the validity of the remaining portions of this Agreement or any part thereof.

7. **Waiver or Modification**
   No waiver, alteration, or modification of any of the provisions of this Agreement shall be binding unless in writing and signed by a duly authorized representative of both parties to this Agreement.

8. **Governing Law**
   This Agreement shall be governed by the laws of the State of California and any suit or action initiated by either party shall be brought in the County of San Mateo, California. This request for services does NOT include the transportation of materials from the Shoreway Environmental Center by the C&D Debris Processing Contractor. Materials will be delivered to the Contractor's location in walking-floor trailers by the Shoreway Facility Operations Contractor. Contractor will accept, process, and market a mix of residential and commercial C&D debris.

1. All accepted C&D Debris Materials will be weighed-in using certified scales located at the C&D Debris Processing Facility (with amounts to be reported monthly).

2. C&D Debris Processing Facility will be operated such that SBWMA delivery trucks will be able to access the facility and exit at the C&D Debris Processing Facility within 30 minutes of arrival.

3. All C&D Debris Materials accepted by Contractor shall be diverted and processed in a manner that guarantees diversion credit under the requirements of the California Integrated Waste Management Act State Assembly Bill (AB) 939. Under no circumstances shall any material (other than approved residual) be considered "disposal" under state regulatory definitions.

4. Contractor agrees to accept, process for recycling, and dispose of residual amounts, all C&D Debris received from the SBWMA at the rates provided in Exhibit C, Rates. Contractor shall process, recycle, market finished products, and dispose of residuals. Contractor shall ensure that at least 75% by weight of the C&D Debris accepted from the SBWMA is Recycled. In order to reject an SBWMA load, Contractor must follow the procedures for rejection of loads set forth in Section 7. Diversion rates for all materials must be maintained using Recycling Certification Institute website site: https://www.recyclingcertification.org/.

5. Contractor shall market finished C&D Debris and other products manufactured from C&D Debris Materials and shall be entitled to retain all proceeds thereof.

6. An SBWMA C&D Debris load may be held by Contractor if Contractor believes that it does not conform to the guidelines set forth in Section 5. Contractor may not declare a load to be held until that load has been unloaded from the transfer vehicle so that the entire load may be viewed. If Contractor declares a load to be held, Contractor shall photograph the Held Load, and shall keep the entire Held Load separate from other materials, and undisturbed, until it can be visually inspected by an authorized representative of the SBWMA. Contractor shall inform the SBWMA of the Held Load via e-mail and telephone (number and email to be designated by the SBWMA). The e-mail shall include digital photos of the Held Load. The load’s arrival time, date and truck number shall be included in these communications. If the SBWMA does not inspect the load at Contractor’s site within 8 Working Hours, Contractor may move the load of combine it with other materials. Within 8 Working Hours of the notification, the SBWMA will inform Contractor as to whether or not it is in agreement that the Held Load should be Rejected. If the SBWMA finds that the Held Load does conform to the requirements of Section 5, Contractor shall accept the load at the rate for Accepted Loads set forth in Exhibit C Part B.
If the SBWMA agrees that the load does not conform to the requirements of Section 5, the SBWMA will either 1) authorize Contractor to dispose of the load, and direct the SEC Operator to pay Contractor the rate for disposing of Rejected Loads as specified in Exhibit C Part C, or 2) direct the SEC Operator to remove the Rejected Load from Contractor’s facility. Contractor will load the Rejected Load into the SEC Operator’s vehicle and weigh that vehicle as it leaves Contractor’s facility. In the event of a dispute as to whether or not a Held Load should be Rejected, Contractor may be required to remove and separately weigh materials from the Held Load to demonstrate that it does not conform to the requirements of Section 5. In addition to the other costs provided for herein, if the load is deemed rejected, the SBWMA shall pay for all costs associated with the sorting and re-weighing of the Rejected Load. It is the intent of both the SBWMA and Contractor to have no Held Loads or Rejected Loads. Should Held Loads exceed two in a six-month period, the SBWMA and Contractor will meet and confer to resolve issue.

7. In the event any SBWMA C&D Debris contains any Universal or Hazardous Waste, the SBWMA shall direct SEC Operator to pay to Contractor any actual, reasonable, and necessary costs incurred by Contractor in handling and disposing of said materials. In disposing of said Hazardous and/or Universal Waste materials, the SBWMA shall be designated as the owner and generator of said Hazardous Waste or Universal Waste. In the event that the SEC Operator does not pay said costs to Contractor within thirty (30) days, the SBWMA shall pay the undisputed portion of said costs directly to Contractor.

8. Receive C&D Debris materials delivered by the SEC Operator between insert facility hours, e.g. 6:00 a.m. to 5:45 p.m., Monday through Friday, and from 8:00 a.m. to 3:45 p.m. on Saturday and Sunday.

9. Provide the SBWMA a detailed monthly reporting on SBWMA materials inbound/outbound, materials mass-balance, and material market outlets. These reports shall include adequate detail and information for the SBWMA and its Member Agencies to complete necessary reports and should include products made, volume and disposition of “overs”, volume and disposition of residuals, and any other information as required by the SBWMA.

10. Invoice the SBWMA on or before the 10th of each month showing by date, time, and vehicle identification number the tonnage received each day of C&D Debris material received.

11. Accept payment within thirty (30) days for any undisputed amounts invoiced.

The Rates outlined in Table 1 are for the period February 1, 2022 through the end of the term of the Agreement. Such rates will be adjusted annually as shown below, effective January 1 of each year of the term, including extensions. Commencing February 1, 2022 and thereafter on each January 1, this Agreement is in effect, including any extension years, the rates stated above shall be increased by the change in the value of the All Urban Consumers Index (CPI-U), All Items, for the San Francisco-Oakland-San Jose, CA, Base Period 1982 – 1984 = 100, not seasonally adjusted, compiled and published by the U. S. Department of Labor, Bureau of Labor Statistics (or its successor) for the previous October and its value twelve months before.

c) Contamination Level. Contractor will have the right to refuse contaminated loads based on a standard as specified in their Proposal. Should a load be deemed contaminated, the Contractor will document the contamination, and make a claim to SBWMA. At SBWMA’s discretion, the SBWMA can choose to have the Contractor sort contamination from the load so that it meets an acceptable level of acceptance. If contaminants are sorted from the load, they will be weighed and documented. Or the SBWMA may chose to have the load disposed of at the nearest fully permitted disposal facility at the SBWMA’s expense.
EXHIBIT D
MONTHLY REPORTING

Contractor will provide the SBWMA a monthly report that summarizes monthly the inbound/outbound materials, a materials mass-balance by supplier, and material market outlets as well as the detail scale reports and other documentation that supports the data in the summary report. The Contractor shall provide, and the SBWMA shall approve, the report structure.

Contractor shall report monthly the amount of SBWMA C&D Debris accepted, Recycled, used as ADC, and Disposed. Contractor shall report monthly the end-uses (e.g., biomass fuel, road base, Beneficial Use at a Landfill, etc.) for each material type Recycled from SBWMA C&D Debris at Contractor’s facility. For reporting purposes, inbound weights from SBWMA loads may be applied to overall diversion and end-use percentages for mixed C&D Debris processing operations at the Contractor’s facility. However, if the overall diversion and end-use percentages do not demonstrate compliance with the Contractor Services Standards listed in Exhibit B Section 4, Contractor shall be required to demonstrate compliance in regards to the SBWMA materials by processing the SBWMA’s C&D Debris separately. Diversion rates for all of Contractor’s sorting operations must be maintained on the Recycling Certification Institute website.
