

**Shoreway Environmental Center
Shoreway Facility Operations Monthly Reporting
October 2022**

Dear Joe:

Commodity Market Update

Scrap values for recovered fiber (OCC cardboard and MP mix paper) have plunged again, and are now at levels below anything experienced in the last 12 years.

Scrap values for plastic, aluminum, and metals remain severely depressed. The only bright spot is glass, because thanks to Potential the SBWMA continues to receive better glass pricing for the third consecutive month.

Unfortunately the combination of reduced scrap pricing and lower than anticipated CRV payments result in the October 2022 total monthly recyclable revenues being less than anything experienced in the last 12 years.

Revenues in October 2022 were so low, that if they continue then on an annual basis they will be less than \$4.2 million dollars per year. Fortunately, SBWMA has a revenue guarantee from SBR for \$4.7 million, so even if the current commodity crisis continues for a full year the SBWMA will still have sufficient funds (from SBR's revenue guarantee) to cover their annual debt service payment for their bonds.

Complications continue at the port of Oakland, and the ILWU-PMA labor negotiations have still not been resolved. If there is a service disruption then commodity pricing will be even worse.
