Addendum 1: Organics Processing Services RFP

The purpose of this Addendum 1 is to notify potential proposers, that based on questions received there is no need to hold a pre-proposal meeting on March 29, 2024

QUESTION ASKED BY PROSPECTIVE PROPOSERS REGARDING THE PRE-PROPOSAL MEETING

1. **We noticed that the RFP says there may be a pre-proposal conference held on Friday, March 29th at 11 AM at the Shoreway Environmental Center. Will this conference be scheduled?**

RethinkWaste Response:

Based on the questions the SBWMA received, we will not be holding a pre-proposal conference on March 29, 2024, at 11AM. A site visit to the Shoreway Environmental Center will not be required for any potential proposers.
