AGREEMENT FOR ORGANICS PROCESSING SERVICES

This Agreement is made and entered into as of the 1st day of January, 2025 by and between the **South Bayside Waste Management Authority** a California Joint Powers Authority hereinafter "**SBWMA**", and Browning-Ferris Industries of California, Inc., hereinafter "**Contractor**". Contractor and SBWMA are hereinafter referred to jointly as the Parties.

I. RECITALS

This Agreement is entered into with reference to the following facts and circumstances:

1. That SBWMA desires to engage Contractor to render processing services for Plant and Organic Materials generated from the SBWMA Member Agencies;
2. That Contractor is qualified to provide such services to the SBWMA; and
3. That SBWMA has elected to engage the services of Contractor upon the terms and conditions as hereinafter set forth.

II. DEFINITIONS

In this Agreement, capitalized words have the meanings defined in **Exhibit A**.

III. TERMS AND CONDITIONS OF AGREEMENT

1. Term of Agreement

This Agreement shall commence on the 1st day of January, 2025 and shall continue for a period of five (5) years, terminating on December 31, 2029. The Agreement may be extended for up to two years upon written amendment to this Agreement executed by the Parties no later than July 31, 2031.

2. Authorization and Termination

This Agreement becomes effective when endorsed by both Parties.

IV. SCOPE OF SERVICES

1. Scope of Processing Services

The services to be performed by Contractor under this Agreement shall include those services set forth in Exhibit B, which is, by this reference, incorporated herein and made a part hereof as though it were fully set forth herein.

Performance of the work specified in said Exhibit is hereby made an obligation of Contractor under this Agreement, subject to any changes that may be made subsequently hereto upon the mutual written agreement of the said parties.

Where in conflict, the terms of this Agreement supersede and prevail over any terms set forth in Exhibit B.

2. Permits and Compliance

Contractor will comply with all Permits, including any mitigation measures related to the operation and maintenance of their Compost Facility. Contractor is solely responsible for paying any fines or penalties imposed for noncompliance with or

violation of Permits or failure to obtain Permits. Under no circumstances shall any provision of this Agreement obligate Contractor to violate any of its Permits.

Contractor shall have a permitted Composting Facility that is permitted as a composting facility with the Department of Resources, Recycling, and Recovery (CalRecycle) and maintain this designation throughout the term of the contract. The Composting Facility Permit must include the ability to accept the types of compostable materials generated by the SBWMA. Contractor must notify SBWMA before accepting any shipments if there are any change in such status.

Contractor shall maintain all required permits from the applicable agencies to operate a composting facility. Permits shall include but not be limited to CalRecycle/LEA, Regional Water Quality Control Board, Air Quality Management District, and others as appropriate.

3. Compliance with all Applicable Laws and Regulations

Contractor shall comply with all Federal, State, and/or local regulations in the performance of this Agreement.

4. Notification of Violations.

Contractor shall provide copies of any notices of violation that it receives (or that any Subcontractor receives and that are provided to Contractor) from any Regulatory Agency during the term of this Agreement related to the operation of the Composting Facility or the performance of the Services. Contractor shall provide to the SBWMA copies within three (3) business days of receiving them.

5. Days and Hours of Operation

Contractor will operate the Composting Facility for the receipt of SBWMA's Plant and Organic Materials between the hours of 3:00 a.m. to 5:00 p.m., Monday through Friday, and on Saturday by prior appointment made the preceding Wednesday or before (but not more than one Saturday per month). Composting Facility will be closed on Sundays and Holidays. Contractor may not reduce the hours or total number of hours for acceptance of SBWMA's Plant and Organic Materials without the concurrence of the SBWMA except for reductions required by a change in a Permit subsequent to the Commencement Date.

6. Traffic Control and Direction

Contractor will direct on-site traffic to appropriate unloading areas and provide a safe working environment. Contractor will provide necessary signs and personnel to assist drivers to proper unloading areas. Contractor will operate the Compost Facility so that the conditions of the Maximum Vehicle Turnaround are met and the SBWMA's Transfer Company vehicles are processed, unloaded and exit without delay from the facility no longer than 30 minutes from arrival at the Contractor's scales. Contractor will not exceed this time more than 5 times per month. For each load exceeding the 30 minutes from arrival at the scale to exiting the scale over the five grace loads, the Contractor may be assessed liquidated damages equal to \$2.00 per minute for each minute of delay. The calculation of the times will be based on time stamp tickets at the scale house.

7. Scale Operation

a. Maintenance and Operation

Contractor will maintain State-certified scales that link to a centralized computer recording and billing system and that account for tracking of the origin, destination

and tonnage of all incoming and outgoing loads. Contractor will operate scales during Compost Facility receiving hours established in Section 5. Contractor will provide the SBWMA with access to weighing report promptly upon SBWMA's request.

b. Vehicle Tare Weights

When Transfer Company place new vehicles into service, Contractor will promptly weigh the new vehicle and determine its unloaded ("**tare**") weight(s). Contractor will record tare weight, hauler name, and vehicle identification number. Within 10 Working Days of weighing, Contractor will provide the SBWMA and Transfer Company with a report listing vehicle tare weight information. Contractor will have the right to request re-determination of tare weights of vehicles twice each Calendar Year. If there is reasonable suspicion or evidence that tare weights are not accurate, Transfer Company may request re-determination of tare weights, in which case Contractor will promptly re-determine tare weights for requested vehicles up to 4 times per Calendar Year. Contractor may update tare weights (at its own initiative) more frequently.

8. Testing

Contractor will test and calibrate all scales in accordance with Applicable Law, but at least every 12 months. Upon SBWMA request, Contractor will promptly provide the SBWMA with copies of test results. Contractor will further test and calibrate any or all scales within 3 Working Days of SBWMA direction. If test results indicate that the scale or scales complied with Applicable Law, the SBWMA will reimburse Contractor the Direct Costs of the tests. If the test results indicate that the scale or scales did not comply with Applicable Law, Contractor will bear the costs thereof and Contractor will at its own cost adjust and correct, consistent with the results of that test, all weight measurements recorded and Plant and Organic Materials Rates calculated, charged and paid, as the case may be, from the date of SBWMA's direction.

9. Weighing Standards and Procedures

Contractor will use the Composting Facility entry scale house(s) to weigh vehicles and charge Plant and Organic Materials Rates. Contractor will charge Transfer Company the Plant and Organic Materials Rates based on the Tonnage of SBWMA's Transfer Company deliveries to the Composting Facility. Contractor will weigh and record inbound weights of all Transfer Company's vehicles when the vehicles arrive at the Compost Facility and weigh and record outbound weights of vehicles for which Contractor does not maintain tare weight information. Contractor will provide each driver a receipt showing the date, time, and quantity of SBWMA's Plant and Organic Materials that the vehicle delivered to the Compost Facility.

10. Records and Reporting

Contractor will maintain scale records and reports that provide information including date of receipt; inbound time; origin, destination and weight of inbound and outbound loads; inbound and outbound weights of vehicles; and vehicle identification number. Contractor shall keep and maintain accurate records of products delivered or of all time expended in performing services and costs and expenses incurred relating thereto. Said records shall be available to the SBWMA for review and copying during regular business hours at Contractor's place of business or as otherwise agreed upon by the parties.

Contractor will provide the SBWMA a detailed monthly report as described and exemplified in **Exhibit D**, Monthly Reporting to the SBWMA.

11. Safety

The Contractor will conduct operations of Compost Facility in a safe manner, in accordance with Applicable Law and insurance requirements provided in Article VI, Indemnity and Insurance.

12. Invoicing

On or before the 15th of each month, Contractor will invoice the SBWMA in amounts equal to the applicable Plant and Organic Materials Rates listed in **Exhibit C**. for the prior month's Plant and Organic Materials delivered to the Composting Facility. Invoices will be in a form satisfactory to SBWMA. All undisputed amounts shall be payable by SBWMA within 30 days of receipt of the invoice. For example, for processing provided in July, Contractor will invoice SBWMA on or before August 15 and payment will be due and payable by SBWMA on or before September 15. SBWMA shall, within five days of receipt of invoice, identify any disputed charges and communicate these to Contractor. Contractor may deliver to SBWMA a notice of late payment for a given monthly invoice thirty-five calendar days after the date of generation of the invoice. Contractor's invoices shall be deemed delinquent if not paid within five (5) calendar days of the date of the notice of late payment. Thereafter, the delinquent invoice shall bear interest on the unpaid balance at a rate not to exceed one and one-third percent (1 1/3%) per month.

13. Right to Enter Facility and Observe Operations

The SBWMA and its designated representative(s) may enter, observe and inspect the Composting Facility at any time during operations, conduct studies or surveys of the Compost Facility, and meet with the manager(s) or his or her representatives at any time, provided that the SBWMA and its representatives comply with Contractor's reasonable safety and security rules and will not interfere with the work of the Contractor or its subcontractors. However, if the Compost Facility manager or other management personnel are not present at the Compost Facility when the SBWMA or its designated representative(s) visit without prior announcement, Contractor may limit the visit of the SBWMA or its designated representative to the public areas of the facility. In that event, Contractor will arrange for SBWMA or its designated representative(s) to return for a visit of the complete Compost Facility within 24 hours of the SBWMA's visit. Upon SBWMA direction, Contractor will make personnel available to accompany SBWMA employees on inspections. Contractor will ensure that its employees cooperate with the SBWMA and respond to the SBWMA's reasonable inquiries.

V. CONTRACTOR COMPENSATION

1. General

The Contractor will perform all of its obligations, responsibilities and duties under this Agreement, including paying costs associated with obtaining and complying with all Permits, and operating the Compost Facility in full compliance with Applicable Laws.

2. Processing Rate; Annual Rate Adjustments

The Contractor will be compensated on a per ton basis for Materials delivered by the Transfer Company and accepted by Contractor for Processing. Exhibit C (Rates) provides the initial Rates by Material Type. The Contractor shall be entitled to an annual rate adjustment as shown in Exhibit C. Such rates shall be increased annually as set forth in Exhibit C.

3. Special Rate Review and Adjustments

- a. Contractor may request a special review and adjustment of Rates, over and above the annual CPI-based adjustment set forth in Exhibit C, in the event that there is a change in Applicable Law.
- b. Contractor's request for a special review and adjustment of Rates shall specify the event or circumstance giving rise to the request, Contractor's reasonable additional costs arising from or related to such event or circumstance, and the change in the Rates that Contractor proposes to cover such additional costs.
- c. Contractor must submit its request for a special review and adjustment of Rates in a form and manner specified by SBWMA, together with required cost and operational data.
- d. In a special review under this Section, Contractor shall bear the burden of justifying to the SBWMA by substantial evidence the change in Applicable Law. If the SBWMA determines that the Contractor has not met its burden, it shall notify Contractor that it is prepared to deny Contractor's request for an increase in Rates. Within ten (10) days after such notice, Contractor may request a hearing before the SBWMA Board to produce additional evidence.
- e. Based on evidence presented to it, including, that submitted by Contractor, the SBWMA Board may grant some, all, or none of the requested increase.
- f. Contractor shall bear all reasonable costs incurred by SBWMA (including assistance provided to it by SBWMA) of a special review which it has requested. Costs of a review requested by Contractor may not be included in Contractor's Rates.

VI. INDEMNITY AND INSURANCE

1. Agreement Indemnification

a) Indemnification of the SBWMA

To the fullest extent allowed by law, Contractor hereby agrees to defend, indemnify, and save harmless the SBWMA, its boards, officers, employees and agents, from and against any and all claims, suits, actions, liability, loss, damage, expense, cost (including, without limitation, costs and fees of litigation) of every nature, kind or description, which may be brought against, or suffered or sustained by, the SBWMA, its boards, officers, employees, and agents caused by, or alleged to have been caused by, the negligence, intentional tortuous act or omission, or willful misconduct of the Contractor, its officers, employees, subcontractors or agents in the performance of any services or work pursuant to this Agreement.

b) Indemnification of Contractor

The duty of Contractor to indemnify and save harmless, as set forth herein, shall include the duty to defend as set forth in Section 2778 of the California Civil Code, provided, however, that nothing herein contained shall be construed to require Contractor to indemnify SBWMA, its Board, officers, employees and agents against any responsibility or liability in contravention of Section 2782 of the California Civil Code.

Contractor's responsibility for such defense and indemnity obligations shall

survive the termination or completion of this Agreement for the full period of time allowed by law.

The defense and indemnification obligations of this agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained within this Agreement.

2. Contractor Compliance

Contractor will comply with all requirements of Contractor’s insurers and the insurance policies required under Article VI, Section 3 below. Carrying insurance will not relieve Contractor from any obligations under this Agreement. Nothing in this Agreement may be construed as limiting in any way the extent to which the Contractor may be held responsible for payments of damages to Persons or property resulting from Contractor’s or any Subcontractors’ performance of Services.

3. Insurance

Contractor shall not commence work under this Agreement until all insurance required herein has been obtained. Contractor shall furnish SBWMA with ACORD 25 certificate(s) of insurance evidencing the required coverage as stated herein. The SBWMA and its employees, directors, officers, agents, and member entities will be named as additional insured in the policy(ies), except Workers Compensation/Employer’s Liability, via blanket-form endorsement, These certificate(s) shall be supplemented with a blanket-form notice of cancellation endorsement to provide that thirty (30) days notice must be given, in writing, to the SBWMA office of any cancellation, non-renewal or material modification of the policy(ies) except Worker’s Compensation/Employer’s Liability. The minimum amounts of coverage shall be as follows:

<u>Insurance Category</u>	<u>Minimum Limits</u>
Workers’ Compensation	As Required by the Labor Codes of the State of California
Employer’s Liability	\$1,000,000 per accident per accident, bodily injury, or disease
Commercial General Liability aggregate	\$2,000,000 per occurrence and \$5,000,000 for bodily injury, personal injury and property damage
Automobile Liability	\$2,000,000 per accident for bodily injury and property damage (coverage required to the extent applicable to Contractor’s vehicle usage in performing services hereunder)
Contractor’s Pollution Liability aggregate	\$5,000,000 per contamination incident and

It shall be a requirement under this Agreement that any available insurance proceeds broader than or in excess of the specified minimum insurance coverage requirements and/or limits shall be available to SBWMA as an Additional Insured. Furthermore, the

requirements for coverage and limits shall be the greater of either (1) the minimum coverage and limits specified in this Agreement or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the named Insured.

Contractor agrees to include with all subcontractors in their subcontracts the same requirements and provisions of this agreement including the indemnity and insurance requirements to the extent they apply to the scope of the subcontractor's work. Subcontractors hired by Contractor shall agree to be bound to Contractor and SBWMA in the same manner and to the same extent as Contractor is bound to SBWMA under this Agreement and its accompanying documents. Subcontractors shall further agree to include these same provisions with any sub-subcontractors. A copy of the indemnity and insurance provisions of this Agreement will be furnished to the Subcontractor upon request. Contractor shall require all subcontractors to provide a valid certificate of insurance and the required endorsements included in the subcontract agreement and will provide proof of compliance to SBWMA prior to commencement of any work by the subcontractor.

Concurrently with the execution of this Agreement, Contractor shall furnish SBWMA with certificates and copies of information or declaration pages of the insurance required hereunder and, with respect to evidence of commercial general liability and automobile liability insurance coverage, original endorsements:

- (a) Precluding cancellation or **reduction in per occurrence limits** before the expiration of thirty (30) days (10 days for nonpayment) after SBWMA shall have received written notification of cancellation in coverage or **reduction in per occurrence limits** by first class mail;
- (b) Naming the SBWMA, its Board, officers, employees and agents, as additional insureds; and
- (c) Providing that Contractor's insurance coverage shall be primary insurance with respect to SBWMA, its Board, officers, employees and agents, and any insurance or self-insurance maintained by SBWMA for itself, its Board, officers, employees or agents shall be in excess of Contractor's insurance and not contributory with it. Contractor and its insurer may not seek contribution from SBWMA's insurance or self-insurance.

The limits of insurance required in this agreement may be satisfied by a combination of primary and umbrella or excess insurance if applicable. Any umbrella or excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and non- contributory basis for the benefit of SBWMA, to the extent required by this Agreement, before the SBWMA's insurance or self-insurance may be called upon to protect SBWMA as a named Insured.

All self-insured retentions (SIR) must be disclosed to SBWMA for approval and shall not reduce the limits of liability coverage. Policies containing an SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named Contractor/Named Insured or SBWMA.

SBWMA reserves the right to obtain a full certified copy of any insurance policy and endorsements. Failure to exercise this right shall not constitute a waiver of right to exercise later.

Contractor shall maintain insurance as required by this Agreement to the fullest amount allowed by law and shall maintain insurance for a minimum of five (5) years following completion of this project or service. In the event Contractor fails to obtain or maintain completed operations coverage as required by this Agreement, the SBWMA at its sole discretion may purchase the coverage required and the cost will be paid by Contractor.

4. Workers' Compensation

Contractor certifies that he is aware of the provisions of the Labor Code of the State of California which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that Code, and Contractor certifies that he will comply with such provisions before commencing the performance of the work of this agreement.

VII. FAITHFUL PERFORMANCE BOND

1. Faithful Performance Bond

Contractor shall file with SBWMA a bond securing its faithful performance of its obligations under this Agreement within thirty (30) days of the date this Agreement is executed. The bond shall be in the amount of Two Hundred Fifty Thousand Dollars (\$250,000) in a form acceptable to the SBWMA. The term of the bond shall be for five (5) years. It is the intention of this section that there be in full force and effect at all times a bond securing the Contractor's faithful performance of the Agreement, throughout its Term. The performance bond shall be executed by a surety company licensed to do business in the State of California and acceptable to the SBWMA having an "A-" or better rating by A. M. Best or Standard and Poor's, and included on the list of surety companies approved by the Treasurer of the United States. Failure to provide this bond within the time frame called for by this section shall constitute a default and grounds for immediate termination of this Agreement.

VIII. DEFAULT AND TERMINATION

1. Default and Remedies

Each of the following shall constitute a default under this Agreement (a "Default"):

- A. Fraud or deceit.
- B. Failure to maintain insurance coverage described herein.
- C. Contractor violation of orders or filings of a regulatory body having a material impact on Contractor's ability to perform its obligations as required by this Agreement.
- D. Loss of any required operating "composting facility" permit (air, water, waste, etc.)
- E. Failure to perform Services as required by this Agreement for two (2) consecutive days or more or for any seven (7) days in a period of 30 days.
- F. Failure to divert and Process Plant and Organic Materials as provided in Article IV, Section 1 of this Agreement.
- G. Failure of Contractor to provide reports and/or records as provided for in this Agreement.
- H. Any act or omission by Contractor which violates the terms of this Agreement.
- I. Any false or misleading representation of Contractor.
- J. Filing of a voluntary petition for debt relief.
- K. Bankruptcy of Contractor.
- L. Contractor's failure to provide a performance bond within thirty (30) days of execution of this Agreement.

Upon any Contractor default, SBWMA may terminate or suspend this Agreement, in whole or in part. Such termination or suspension shall be effective thirty (30) days after SBWMA gives notice as provided in Section X, General Provisions, (3) Notice Procedures, except that the Agreement may be terminated or suspended in a shorter time period or immediately if the Contractor's default endangers the health, welfare and safety of the public. If Contractor fails to cure the Default within the timeframe shown in the Notice to terminate or suspend, the SBWMA may, at its option, terminate this Agreement.

2. Specific Performance

By virtue of the nature of this Agreement, the urgency of timely, continuous and high-quality service, the lead time required to effect alternative service, and the rights granted by SBWMA to Contractor, the remedy of damages for a breach hereof by Contractor is inadequate and SBWMA shall be entitled to injunctive relief.

3. Damages

Contractor shall be liable to SBWMA for all direct, indirect, special and consequential damages arising out of Contractor's default. This Section is intended to be declarative of existing California law.

4. SBWMA's Remedies Cumulative

SBWMA's rights to suspend or terminate the Agreement and to obtain specific performance are not exclusive, and SBWMA's exercise of one such right shall not constitute an election of remedies. Instead, they shall be in addition to any and all other legal and equitable rights and remedies that SBWMA may have, including a legal action for damages or imposition of liquidated damages.

5. Liquidated Damages

The Parties acknowledge that performance by Contractor is of utmost importance and SBWMA has considered and relied on Contractor's representations as to its quality of service commitment in entering into this Agreement. The Parties further recognize that quantified standards of performance are necessary and appropriate to ensure consistent and reliable service. The Parties further recognize that if Contractor fails to perform, SBWMA and its residents will suffer damages and that it is and will be impracticable and extremely difficult to ascertain and determine the exact amount of damages that SBWMA will suffer. Therefore, the Parties agree that liquidated damages in the amount of \$5,000 per day represent a reasonable estimate of the amount of such damages considering all of the circumstances existing on the date of this Agreement, including the relationship of the sums to the range of harm to SBWMA that reasonably could be anticipated and recognition that proof of actual damages would be costly or inconvenient. By initialing the places provided, each Party specifically confirms the accuracy of the statements made above and the fact that each Party had ample opportunity to consult with legal counsel and obtain an explanation of this liquidated damage provision at the time that this Agreement was made.

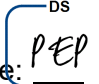

Before assessing Liquidated Damages, the Authority shall give Contractor notice of its intention

to do so. The notice will include a brief description of the incident(s) and non-performance.

The

Authority may review (and make copies at its own expense) all information in the possession of

Contractor relating to incident(s) and/or non-performance. Contractor may, within ten (10) Business Days after receipt of notice, request a meeting with the Authority. The Authority may present evidence of non-performance in writing and through testimony of its employees and others relevant to the incident(s) and non-performance. The Authority will provide Contractor with a written explanation of its determination on each incident(s) and non-performance prior to authorizing the assessment of Liquidated Damages under this Section 11.07. Should such notice of the Authority intention to assess Liquidated Damages exceed thirty thousand dollars (\$30,000) in total, Contractor may within ten (10) Business Days of receipt of such notice request the opportunity to meet with the Authority's Executive Director and Facility Manager to respond to the intended assessment. If Contractor has made such request within the required timeframe, the intended assessment of Liquidated Damages will not be imposed on Contractor until Contractor has been afforded the opportunity to respond to the intended assessment. In such case, the decision of Authority's Executive Director and Facility Manager shall be final, Contractor shall not be subject to, or required to exhaust, any further administrative remedies, and Contractor shall have the right the present it's claim in a court of competent jurisdiction.

Contractor Initial Here:  Agency Initial Here: 

Contractor agrees to pay (as liquidated damages and not as a penalty) the amount set forth.

6. SBWMA's right to recover liquidated damages for Contractor's failure to meet the service performance standards shall not preclude Agency from obtaining equitable relief for persistent failures to meet such standards nor from terminating the Agreement for such persistent failures. Segregated Commercial Food Scraps

Termination

The SBWMA reserves the right to terminate processing services of segregated Commercial Food Scraps only with written notice to the Contractor of not less than ninety (90) days.

IX. CONTRACTOR'S REPRESENTATIONS AND WARRANTIES

1. Legal Status

Contractor is a corporation or LLC organized and operating under the laws of the State of California.

2. Authorization

Contractor represents and warrants that it has the authority to enter into and perform its obligations under this Agreement. The Contractor has taken all actions required by law to authorize the execution of this Agreement. The person signing this Agreement on behalf of Contractor has authority to do so.

3. Agreement Will Not Cause Breach

To the best of Contractor's and SBWMA's knowledge, after reasonable investigation, neither the execution or delivery of this Agreement, nor the performance of this Agreement: (i) conflicts with, violates, or results in a breach of any applicable law; or (ii) conflicts with, violates, or results in a breach of any term or condition of any judgment, order or decree of any court, administrative agency, or other governmental authority, or any agreement or instrument to which Contractor or SBWMA is a party

or by which Contractor or SBWMA or any of its properties or assets are bound, or constitutes a default thereunder.

5. No Litigation

To the best of Contractor's knowledge, after reasonable investigation, there is no action, suit, proceeding, or investigation, at law or in equity, before or by any court or governmental authority, commission, board, agency, or instrumentality decided, pending, or threatened against Contractor wherein an unfavorable decision, ruling or finding, in any single case or in the aggregate, would materially adversely affect the performance by Contractor of its obligations hereunder or which, in any way, would adversely affect the validity or enforceability of this Agreement or which would have a material adverse effect on the financial condition of Contractor or any surety guaranteeing Contractor's performance under this Agreement, which has not been waived by the SBWMA in writing.

6. Ability to Perform

Contractor possesses the business, professional and technical expertise to manage, handle, treat, store, process, and recycle Plant and Organic Materials, and possesses the equipment, plant, and employee resources required to perform this Agreement.

X. GENERAL PROVISIONS

1. Entire Agreement

This Agreement represents the full and entire Agreement between the SBWMA and Contractor with respect to the matters covered herein.

2. Force Majeure

Contractor shall not be in default under this Agreement in the event, and for so long as, it is impossible or extremely impracticable for it to perform its obligations due to any of the following reasons: riots, wars, sabotage, civil disturbances, insurrection, explosion, natural disasters such as floods, earthquakes, landslides, fires, and volcanic eruptions, strikes, lockouts and other labor disturbances or other catastrophic events which are beyond the reasonable control of Contractor. Labor unrest, including but not limited to strike, work stoppage or slowdown, sick-out, picketing, or other concerted job action conducted by Contractor's employees or directed at Contractor is not an excuse from performance, provided, however, that labor unrest or job action directed at a third party over whom Contractor has no control, shall excuse performance.

Contractor must (i) have taken reasonable precautions to avoid being affected by the cause, and

(ii) notify the other party in writing within 5 days after the occurrence of the event specifying the nature of the event, the expected length of time that the party expects to be prevented from performing, and the steps which the party intends to take to restore its ability to perform.

3. Notice Procedures

All notices, demands, requests, proposals, approvals, consents, and other communications which this Agreement requires, authorizes, or contemplates shall be in writing and shall either be personally delivered to a representative of the Parties at the address below, e-mailed to the e-mail address below, or faxed to the fax number below, or sent via certified mail or Federal Express, or deposited in the United States mail, first class postage prepaid, addressed as follows:

Notice shall be deemed given on the day it is personally delivered, e-mailed, or faxed, or, if mailed, three calendar days from the date it is deposited in the mail.

4. Independent Contractor

Contractor is an independent contractor and not an officer, agent, servant or employee of the SBWMA. Contractor is solely responsible for the acts and omissions of its officers, agents, employees and subcontractors, if any. Nothing in this Agreement shall be construed as creating a partnership or joint venture between the SBWMA and Contractor. Neither Contractor nor its officers, employees, agents or subcontractors shall obtain any rights to retirement or other benefits which accrue to SBWMA employees.

5. Non-Discrimination

Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex or national origin. Contractor will take affirmative action to insure that applicants are employed and the employees are treated during employment without regard to their race, color, religion, sex or national origin. Such action shall include, but not be limited to the following: employment, advancement, demotion, transfer, recruitment, or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. Contractor shall at all times be in compliance with the requirements of the Federal Americans With Disabilities Act (Public Law 101-336) which prohibits discrimination on the basis of disability by public entities. Contractor agrees to post in conspicuous places available to employees and applicants for employment any notices provided by SBWMA setting forth the provisions of this non-discrimination clause.

6. Severability

If any section, subsection, subdivision, paragraph, sentence, clause, or phrase of this Agreement or any part thereof is, for any reason, held to be illegal, such decision shall not affect the validity of the remaining portions of this Agreement or any part thereof.

7. Waiver or Modification

No waiver, alteration, or modification of any of the provisions of this Agreement shall

be binding unless in writing and signed by a duly authorized representative of both parties to this Agreement.

8. Governing Law

This Agreement shall be governed by the laws of the State of California and any suit or action initiated by either party shall be brought in the County of San Mateo, California. In the event of litigation between the parties hereto to enforce any provision of the Agreement, the unsuccessful party will pay the reasonable attorney's fees and expenses of litigation of the successful party.

9. Mediation

Should any dispute arise out of this Agreement, the parties shall meet in mediation and attempt to reach a resolution with the assistance of a mutually acceptable mediator. Neither party shall be permitted to file legal action without first meeting in mediation and making a good faith attempt to reach a mediated resolution. The costs of the mediator, if any, shall be paid equally by the parties. If a mediated settlement is reached neither party shall be deemed the prevailing party for purposes of the settlement and each party shall bear its own legal costs.

10. Court Costs and Attorney Fees

In the event legal action is instituted by either party to enforce this Agreement, the prevailing party shall be entitled to reasonable attorney fees and actual costs in connection with such action.

11. Counterparts and Facsimile Signatures

This Agreement may be executed in counterparts, each of which shall constitute an original and all of which together shall be deemed a single document. For purposes of this Agreement, each of the signatories hereto agrees that a facsimile copy of the signature page of the person executing this Agreement shall be effective as an original signature and legally binding and effective as an execution counterpart thereof.

12. Non-Assignment

This Agreement is not assignable either in whole or in part.

13. Conflict of Interest

Contractor may serve other clients, but none that would place Contractor in a "conflict of interest" as that term is defined in State law.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed on the date first written by their respective officers duly authorized in that behalf.

EXHIBIT B

CONTRACTOR SERVICES

The services to be performed by Contractor under this Agreement shall be to accept, process, and market Plant and Organic Materials generated from the SBWMA's Member Agencies and the Shoreway Environmental Center (SEC) as described herein. This request for services does NOT include the transportation of materials from the Shoreway Environmental Center by the composter. Materials will be delivered to the composter's location in walking-floor trailers by the Shoreway Facility Operations Contractor. Contractor will accept, process, and market a mix of residential curbside and commercial green waste and food waste.

1. On a daily basis, the SBWMA shall deliver and the Contractor shall receive a minimum average of 100 tons per day up to a maximum average of 300 tons per day (based on a 30 day rolling average) to the Compost Facility. In aggregate, the SBWMA shall deliver a minimum of 30,000 tons per year. The Contractor and the SBWMA are only obligated to receive and deliver materials on days that the Compost Facility is operating (as described in Section 5, Days and Hours of Operations). Contractor will have the ability to manage deliveries in amounts of up to 200 percent of the average daily tonnage.
2. All accepted Plant and Organic Materials will be weighed-in using certified scales located at the Composting Facility and tracked by Material Type accepted (with amounts to be reported monthly).
3. Composting Facility will be operated such that SBWMA delivery trucks will be able to access the facility and exit at the Composting Facility within 30 minutes of arrival.
4. All Plant and Organic Materials accepted by Contractor shall be diverted and processed as provided in Article IV, Section 1 of this Agreement. Material shall be diverted in a manner that guarantees diversion credit under the requirements of AB 939, and compliance with SB 1383 for organics management purposes. Under no circumstances shall any material (other than approved residual) be considered "disposal" under state regulatory definitions.
5. 100% of the Plant and Organic Materials Processed by Contractor at the Composting Facility shall be diverted from use anywhere at a landfill and shall not be used as Alternative Daily Cover ("**ADC**") or for other uses at a landfill. "**Processed**" means subjected to a process to transform Plant and Organic Materials into a Compost Product, a mulch product for land application (other than at a landfill), or for use as biofuel, anaerobic digestion, or other allowable conversion technologies (in accordance with CalRecycle regulations so that such materials are considered diverted and recycled), and includes removal of all (other than trace amounts) Solid Waste and other materials that are not Plant or Organic Materials (collectively, "**Residue**"). Residue may be landfilled.
6. Contractor shall market finished Compost and other products manufactured from Plant and Organic Materials and shall be entitled to retain all proceeds thereof.
7. Composter will participate in the U.S. Composting Council's Seal of Testing Assurance program for any compost and/or mulch that is produced under this agreement.

8. At SBWMA's request, Contractor will provide up to 2,000 tons of finished Compost free of charge to Member Agencies of bulk Compost (tons). Contractor will not be responsible for the transportation of, nor the costs of delivery, of finished product to any location including the Shoreway Environmental Center. Of the 2,000 total tons of finished compost allocated to SBWMA per each year of the agreement term, up to 500 of these tons may be given away to 3rd party recipients by way of a direct service provider agreement. Such direct service provider agreement shall be made available to SBWMA in lieu of the physical delivery of finished compost material to SBWMA and its Member Agencies as described **Exhibit C** The remaining balance of the 2,000 annual tons of finished compost material shall be physically received by SBWMA Any finished compost material requested by SBWMA above the 2,000 tons per contract year, shall be made available to SBWMA and its Member Agencies by either the same physical delivery procedures outlined in this Exhibit and Exhibit C or by way of a direct service provider agreement Compost quality will meet the U.S. Compost Council Seal of Testing Assurance .
9. Receive organic materials delivered by the Shoreway Operator (SBI) between 3:00 a.m. to 5:00 p.m. Monday - Friday, and from 3:00 a.m. to 4:00 p.m. on Saturday upon special request.
10. Provide the SBWMA a detailed monthly reporting on SBWMA materials inbound/outbound, materials mass-balance, and material market outlets. These reports shall include adequate detail and information for the SBWMA and its Member Agencies to complete necessary reports and should include products made, volume and disposition of "overs", volume and disposition of residuals, and any other information as required by the SBWMA.
11. Invoice the SBWMA on or before the 15th of each month showing by date, time, and vehicle identification number the tonnage received each day and the rate charged for each ton of organic material received.
12. Accept payment within thirty (30) days for any undisputed amounts invoiced.

EXHIBIT C
RATES

a) Rates

Contractor will be compensated per ton for Plant and Organic Materials delivered to the Compost Facility based on the material type outlined in the table below.

<u>Material Type</u>	<u>Tip Fee</u> <u>(2025)</u>
Residential Green Waste	\$ 108.00
Commercial Organics	\$ 108.00

b) Annual Rate Adjustments

Rates will be adjusted annually, effective January 1 of each year of the term, including extensions. Commencing January 1, 2025 and thereafter on each January 1, this Agreement is in effect, including any extension years, the rates stated above shall be increased by the change in the value of the All Urban Consumers Index (CPI-U), All Items, for the San Francisco-Oakland-San Jose, CA, Base Period 1982 – 1984 = 100, not seasonally adjusted, compiled and published by the U. S. Department of Labor, Bureau of Labor Statistics (or its successor) for the previous October and its value twelve months before. Annual increases will be no less than 3.2% annually.

c) Contamination Level

Contractor will have the right to refuse contaminated loads based on a standard as specified in their Proposal. Should a load be deemed contaminated, the contractor will document the contamination, and make a claim to SBWMA. At SBWMA’s discretion, the SBWMA can choose to have the Contractor sort contamination from the load so that it meets an acceptable level of acceptance. If contaminants are sorted from the load, they will be weighed and documented. Or the SBWMA may choose to have the load disposed of at the nearest fully permitted disposal facility at the Agency’s expense.

d) Additional Compost Procurement Pricing and Policy

- 1) **Purpose.** Contractor shall assist SBWMA with the procurement of finished compost and documentation of a written credit to be provided to SBWMA for the use, or giveaway, of finished compost by Contractor. This procurement assistance shall be for the benefit of (1) the City of Belmont, (2) the City of Burlingame, (3) the City of East Palo Alto, (4) Foster City, (5) The City of Hillsborough, (6), The City of Menlo Park, (7) Redwood City, (8) The City of San Carlos, (9) The City of San Mateo, (10) The West Bay Sanitary District, (11) Unincorporated San Mateo Co., California (“the SBWMA Member Agencies”) in order to allow SBWMA to assist its Member Agencies with meeting their organic materials respective procurement targets for compliance with Senate Bill 1383 and its implementing regulations (“SB 1383”). For purposes of allocating credits for compost used and/or given away, SBWMA shall provide written direction to Contractor regarding the specific SBWMA Member Agencies or Cities that will be provided credits for purchased compost that is used or given away.
- 2) **Procedures and Conditions.** Contractor shall provide SBWMA with the written credit for the procured compost for the benefit of the SBWMA Member Agency(ies) designated by SBWMA. The annual compost procurement services shall be subject to the following

conditions:

- Up to 2,000 total tons of finished compost shall be allocated to SBWMA per each year of the agreement term.
- Any finished compost material requested by the SBWMA from 1 to 2,000 tons per contract year shall be allocated at no additional charge to the SBWMA or its Member Agencies.
- Contractor will not be responsible for the transportation of, nor the costs of delivery, of finished product to either the Shoreway Environmental Center or to a location designated directly by a Member Agency of the SBWMA.
- Any finished compost material requested by SBWMA above the 2,000 tons per contract year shall be in accordance with the per ton rates outlined further in this Exhibit.
- Of the 2,000 total tons of finished compost allocated to SBWMA per each year of the agreement term, up to 500 of these tons may be given away to 3rd party recipients by way of a direct service provider agreement. Such direct service provider agreement shall be made available to SBWMA in lieu of the physical delivery of finished compost material to SBWMA and its Member Agencies as previously described in this Exhibit. The remaining balance of the 2,000 annual tons of finished compost material shall be physically received by SBWMA.
- Any finished compost material requested by SBWMA above the 2,000 tons per contract year, shall be made available to SBWMA and its Member Agencies by either the same physical delivery procedures outlined in this Exhibit or by way of a direct service provider agreement.
- Compost quality will meet the U.S. Compost Council Seal of Testing.

3) **Disposition and Reporting Documentation.** For all finished compost SBWMA purchases, Contractor shall provide SBWMA with the credit identified on section 1, a written record of the transportation and disposition of the compost material for the benefit of the designated SBWMA Member Agency(ies) to facilitate SBWMA’s documentation to be provided to SBWMA Member Agency(ies) for SB 1383 recovered organic waste product procurement compliance in accordance with the SB 1383 Regulations at 14 CCR Division 7, Chapter 12, Article 12 – Procurement of Recovered Organic Waste Products (14 CCR 18993.1 et seq.). Contractor shall maintain and provide to SBWMA quarterly and annual written reports, including weight tickets, conversion ratios and methods, bills of lading and/or shipping manifests sufficient to demonstrate the amount of compost generated and that the compost generated was used or given away solely for the benefit of the SBWMA Member Agency(ies), as directed by SBWMA from time to time in writing. Contractor shall provide such records on a quarterly basis by the 15th of the month following the end of a quarter, and the final quarterly report and an annual summary record by January 15 of each year following the reporting year.

4) **Pricing for additional compost** is listed in the table below:

COMPOST				
PURCHASE PRICE (by ton)				
Finished Compost Purchase Price (FOB Compost Facility)	Up to 999 tons/yr	1,000-4,999 tons/yr	Over 5,000 tons/yr	
Price Quote	<u>\$24.00</u>per ton*	<u>\$22.00</u>per ton*	<u>\$20.00</u>per ton*	

*Compost purchase prices (by ton) are subject to the annual rate adjustment procedures included in Exhibit C. Section b) Annual rate Adjustments.

EXHIBIT D
MONTHLY REPORTING

Contractor will provide the SBWMA a monthly report that summarizes monthly the inbound/outbound materials, a materials mass-balance by supplier, and material market outlets as well as the detail scale reports and other documentation that supports the data in the summary report. The Contractor shall provide, and the SBWMA shall approve, the report structure.
