

A Public Agency

Who is RethinkWaste?

RethinkWaste, also known by its legal name South Bayside Waste Management Authority, is a joint powers authority of the following public agencies in San Mateo County: Belmont, Burlingame, East Palo Alto, Foster City, Hillsborough, Menlo Park, Redwood City, San Carlos, San Mateo, Unincorporated Parts of San Mateo County and West Bay Sanitary District.

Our service area incorporates over 420,000 residents, 151,000 households (single-family and multi-family places of residency) and 6,000 businesses.

The RethinkWaste-owned 16-acre Shoreway Environmental Center in San Carlos serves as a national model for sustainable building practices and innovative recycling and material handling operations. Residential and commercial recyclables, compost, and landfill materials collected in the service area by Recology San Mateo County are taken to Shoreway for processing and shipment by our facility operator, South Bayside Industries. The facility handles and processes almost 500,000 tons of materials annually – more than half are recycled - and creates almost 400 jobs for our local community.
