For Immediate Release

HOUSEHOLD BATTERY PROGRAM: RELAUNCH STARTS SEPTEMBER 3
Residents in Single-Family Homes Can Put Bagged Batteries on Top of the Black Cart

SAN CARLOS, CA – August 27, 2018 – Starting September 3, 2018, residents in single-family homes (including residents living in small apartments with four units or less) can responsibly dispose of household batteries and cell phones by placing them in zip-top bags on top of their black carts. Previously, residents were asked to place these items on top of the blue recycling cart.

To help initiate this change, RethinkWaste mailed all single-family home residents in early September a notice explaining the program change along with two orange-tinted battery and cell phone collection bags (see image below). The bags will serve as a reminder to residents to properly dispose of these hazardous items. Residents wanting to use the orange bag can find many local pick-up locations at www.rethinkwaste.org/batteries, or are encouraged to use any clear zip-top bag to properly dispose of batteries and cell phones. Many local battery drop off locations are also listed at this link.

This change may seem simple, but it’s an important one. Currently, the RethinkWaste-owned Shoreway Environmental Center in San Carlos finds on average 13 batteries per hour on the recycling sort line. Batteries are helpful in everyday life, but when batteries are improperly disposed of end up in a facility with lots of heavy equipment, this can lead to a bad combination. On September 7, 2016, the Shoreway Environmental Center experienced a four-alarm fire that was likely called by a lithium-ion battery. Thankfully all staff were evacuated safely, but it cost $8.5 million in damages.

RethinkWaste has made numerous fire suppression improvements to the Shoreway Environmental Center and worked closely with its contracted employees to expand technical fire response training, but still need residents’ help in disposing of used batteries properly.

“For the safety of our worker’s and the long-term viability of our $35 million-dollar recycling facility, we must ask our residents to help us make this simple change,” said Joe La Mariana, RethinkWaste’s Executive Director. “Our recycling worker’s lives depend on it! And don’t forget that all program costs ultimately get passed on to our residents.”

The curbside collection and drop off program for batteries and cell phones launched in October 2007 and has been quite a success since initiation. In 2017, 104 tons of batteries were collected. Residents in multi-family dwellings can ask their property manager to request a battery and cell phone collection bucket from Recology San Mateo County.

About RethinkWaste
RethinkWaste is a joint powers authority of twelve public agencies in San Mateo County (Atherton, Belmont, Burlingame, East Palo Alto, Foster City, Hillsborough, Menlo Park, Redwood City, San Carlos, City of San Mateo, parts of unincorporated San Mateo County and the West Bay Sanitary District). We own and manage the Shoreway Environmental Center, which processes all the collected trash, recyclable and compostable materials. See www.RethinkWaste.org and follow us on Facebook and Twitter at @RethinkWaste.

8x10 Household Battery & Cell Phone Collection Bag mailed to all single-family households
New

Old

Starts
Sept. 3, 2018

Who?
All single-family households in the RethinkWaste service area*

Why?
To protect the safety of our workers, recycling facilities and the environment. When batteries enter the recycling stream, they can get crushed by compactors and start fires. Batteries contain hazardous materials that can leach into the environment.

How?
Place used batteries and cell phones into the zip-top bag and when nearly full, place bag ON TOP OF YOUR BLACK CART on collection day. For safety, place tape over both ends of each lithium battery and wrap cell phones in paper.

What’s Accepted
Yes
All household-type batteries including AA, AAA, C, D, 9-volt and button batteries

No
Lead acid and automotive batteries

*Atherton, Belmont, Burlingame, East Palo Alto, Foster City, Hillsborough, Menlo Park, Redwood City, San Carlos, San Mateo, Parts of Unincorporated San Mateo County, West Bay Sanitary District

Español / 中文
Programa de recolección de batería y teléfono celular
家用電池和手機收集計劃

¿Quién?
對象?
Cada hogar unifamiliar en el área de servicio de RethinkWaste*
RethinkWaste服務區內的所有單戶住戶*

¿Por qué?
為什麼?
Para proteger la seguridad de nuestros trabajadores, las instalaciones de reciclaje y por el medio ambiente.
為了保護我們的工人、廢物回收設備以及環境的安全，當電池進入廢物回收過程中時，它們會被壓實機壓碎而引發火災，且電池中含有可以滲透到環境中的有害物質。

¿Cómo?
怎麼做?
Coloque las baterías y los teléfonos celulares usadas en la bolsa transparente con cierre y cuando esté casi lleno, coloque la bolsa EN LA PARTE SUPERIOR DE SU CARRITO NEGRO el día de la recolección. Para mayor seguridad, coloque la cinta adhesiva sobre ambos extremos de cada batería de litio y envuelva los teléfonos celulares en papel.
請將廢舊電池和手機放入拉鍊袋子中，當袋子快被裝滿時，於垃圾收集日將此袋子放在您的黑色垃圾車上面。為安全起見，使用膠帶粘好每個鋰電池的兩端，用紙將手機包好。

Comienza el 3 de septiembre de 2018
從2018年9月3日開始

Lo que es aceptado
接受回收的物件

Sí  是
Todas las baterías del hogar, incluyendo AA, AAA, C, D, 9-voltios y baterías de botón
所有家用型電池，包括 AA, AAA, C, D, 9伏和鈕扣電池

No  沒有
Plomo-ácido y baterías de automóviles
鉛酸和汽車電池

*Atherton, Belmont, Burlingame, East Palo Alto, Foster City, Hillsborough, Menlo Park, Redwood City, San Carlos, San Mateo, Parts of Unincorporated San Mateo County, West Bay Sanitary District
