

Are You Composting Correctly?

Here are the items you can put in your green Compost cart:

If you do not have compost services, contact Recology San Mateo County at (650) 595-3900, Carts@Recology.com or visit Recology.com.

KNOW YOUR HOUSEHOLD BATTERIES?

It's important to recognize these common batteries found in many of your everyday household items:

SINGLE USE

Common, non-rechargeable batteries typically found in small items around the home.

Alkaline: Basic AA, AAA, C, D, and 9-volt batteries.

Button cell: Used in small items when long continuous service is required.

Found in:

- Cordless Phones
- Flashlights
- Greeting Cards
- Hearing Aids
- Remote Controls
- Toys

RECHARGEABLE

Common batteries that can be recharged and reused up to 1,000 times.

Ni-Cad (Nickel Cadmium): Least expensive rechargeable battery.

Ni-MH (Nickel Metal Hydride): Performs well in high-drain devices.

SSLA/Pb (Small Sealed Lead Acid): Hold a charge for a very long time.

Found in:

- Cordless Power Drills
- Security Systems
- Vehicles

LITHIUM PRIMARY

Non-rechargeable but long-lasting, these batteries react violently with water and must remain manufacturer sealed. May be marked as "lithium" or "lithium cell" batteries.

Found in:

- Drones
- House Alarms
- Pacemakers
- Remote Car Locks
- Watches

LITHIUM-ION

Rechargeable batteries that contain lithium-ion and highly flammable electrolytes, which are vulnerable to overheating and exploding if they short-circuit or become damaged. May be marked as "lithium-ion (Li-Ion)" or "lithium polymer (Li-Po)" batteries.

Found in:

- Cell Phones
- Digital Cameras
- Laptops
- Power Tools

Recology offers a free & convenient battery disposal program for residents that live in a single-family home or an apartment/condo. Residents can also drop-off used batteries at select neighborhood hardware stores and the Shoreway Public Recycling Center at 333 Shoreway Rd, San Carlos. For more information, visit rethinkwaste.org/batteries

Community Events

Do you have paper documents in need of shredding? E-waste to be recycled? Or want compost for a home gardening project? RethinkWaste, in partnership with Recology and our Member Agencies, hosts annual shred, e-scrap and compost giveaway events in your local community – free of charge!

Find more information and the next free community event near you by visiting rethinkwaste.org/communityevents

Apartment Recycling is the Law!

Live in an apartment complex or condominium, but don't have recycling? State law requires it! Contact your Property Manager to subscribe to recycling services with Recology San Mateo County.

PREPARE FOR SUMMER BY GOING REUSABLE!

Summer is just around the corner, which means barbecues and camping trips! If you plan to fire up your portable stove this summer, ditch those disposables and power it with reusable 1lb. propane cylinders. Whether you are a camper, BBQer, or tailgater, going reusable will save you money and help the environment. Pick up reusable propane cylinders at a local participating retailer. Visit refuelyourfun.org for locations.

If you have empty disposable propane cylinders, remember they **DO NOT** go in any of your three carts. They are combustible, and must be disposed of properly through San Mateo County's Household Hazardous Waste Program. Make an appointment for a local drop-off location at smchealth.org/hhw

San Mateo County's Household Hazardous Waste Drop-Off Events

Not sure what to do with unwanted paint, cleaners, pesticides or used fluorescent lights and batteries? San Mateo County's Household Hazardous Waste (HHW) Program offers free neighborhood drop-off events to all County residents. To participate, *you must* schedule an appointment at smchealth.org/hhw or call (650) 363-4718, select option 3.

MONTH	DAY	LOCATION*
June	22	East Palo Alto
July	27	Redwood City
August	10	Menlo Park
August	24	Foster City
September	28	Redwood City
November	9	Redwood City
November	23	Menlo Park

*Specific location will be disclosed after your appointment is made.

San Mateo County's permanent facility in San Mateo is open Thurs-Sat. 8 a.m.—2 p.m.
