

**Shoreway Environmental Center
Shoreway Facility Operations Monthly Reporting
September 2018**

Dear Joe:

Cardboard (OCC) dropped \$4.64 per ton and Sorted Mixed Paper (SMP) increased \$2.51 per ton. We anticipate Asia markets will continue to be overwhelmed with product, which may impact future material movement and/or price. SBR continues to work with SBWMA staff and the MRF equipment manufacturer (Bulk Handling Systems) to develop strategies that increase recovery of higher value fiber, and improves material value of residential paper.

China's ban on post-consumer mixed plastics has essentially rendered this market obsolete. As a result, Buyers are no longer providing pricing for these materials, and at the SBWMAs request, are being disposed of. Markets for #1PET and #2 HDPE continue to be stable.

The crisis impacting the CA MRF business continues to unfold, and it will likely take a few months to fully understand the short term (2018) and long term (2019 and beyond) consequences.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Dwight E Herring
